WORK EXPERIENCE

Full Stack Developer

La Majeste Industries Pvt. Ltd

📅 Nov 2021 - May 2023 📍 Mumbai, MH

- Designed, developed, and modified 7 application softwares.
- Planned, tracked, and managed deliverables on 30+ short-term sprints.
- Increased website and application speed by 60% by optimizing code quality and safety.
- Analyzed 30+ user requirements to derive technical software design and performance requirements.
- Analyzed applications to optimize SEO, achieving #1 search engine rankings and core web vitals scores surpassing 90.
- Tested software for bugs and operating speed, fixing bugs and documenting processes to increase efficiency by 22%

PROJECT

Erhem AI (Softinn)

MERN Stack, Next.js, React Native, GCP, Flutter

- Led the development of **Erhem AI (Softinn)**, a modern dining management system for restaurants and hotels.
- Managed all aspects of software development, including requirements gathering, coding, testing, and debugging.
- Oversaw front-end and back-end development, ensuring seamless integration of features.
- Implemented various functionalities, including QR code scanning, online ordering, and payment processing.
- Designed and maintained the database structure to support the application's functionality.
- Provided technical guidance and mentorship to junior team members.
- Conducted regular code reviews to ensure code quality and adherence to best practices.

ABOUT ME

- Experienced Full Stack Developer (MERN) with 1.5 years of hands-on experience.
- Dedicated to skill enhancement and crafting robust applications.
- Committed to continuous improvement and contributing to the development community.
